Sarvesh Multiplast India Private Limited

Sarvesh is well known manufacturer of WPC Door Frame, WPC Door Panels & PVC Ceiling Panel. Our products are quality tested austerly by our quality control professionals to make sure that they are 100% flawless. We offer our clients with custom-made products to ideally suit their versatile needs. We have clients all across the nation as we maintain both quality & price of the products.

About WPC

WPC are an alternative and eco friendly material to be used instead of timber or plywood and its biggest strength lies in its ability to resist rotting and decaying and is considered to reduce environment impacts. WPC comes with the benefits of water resistance, no decay, no borer attack, higher flexibility, a variety of colours and smooth finish.

Wood Plastic Composite is a combination of wood flour powder, fibre likes like pulp, hulls & bamboo and thermoplastics, which mostly include plastics materials such as polyethene, polyvinyl chloride, Polypropylene, etc.

WPC Features

- ▲ Water Resistance and Termite Resistance
- ▲ No crack and easy maintenance
- ▲ Painting Not require (can be paintable and polish able)
- ▲ Shock Resistance & Electrical Insulator
- ▲ Fungal & Rot resistance
- ▲ Sound absorbing, outstanding performance in energy-saving etc
